Chris (Mike): There's a conflict today with your "general", due to the final push on the aldicarb citrus work. Therefore, I've proposed for us to gather next week at the suggested time. My apologies for the late notice, but I think that this week will be almost entirely devoted to aldicarb for most of the IVB2 leadership. However, if there are essential items of importance, please don't hesitate to let me know. Many thanks for your patience!
